REPORT OF SCHOOL BOARD.

In making our annual report, agreeably to the requirement by law, we are pleased to present such favorable conditions and so fair an outlook. There have been hinderances, such as was the case in the Village Schools on account of the prevailing epidemic (measles) during our Winter Term. We felt obliged to close the East and West Schools earlier than we otherwise should have done, on account of sickness and bad traveling. Yet in spite of these, we report they have been very satisfactory to all interested. This of course, is mainly due to the teachers we have had in our service. We hope that a larger part of them will be retained, and in order to place our schools on a firm basis with other schools, the parents must co-operate with the teachers, and we confidently expect they will cheerfully endorse and support any forward step, if such step is judiciously taken.

In regard to our school houses, we are able to report they have all been recently treated to a coat of paint and are in good condition except the West School house, which in our judgment should be reshingled during the present year. It seems to us nothing gives a town a better name than good schools, well preserved school houses, and a neat and well attended church.
